What makes **Full Circle Insurance** so unique?

Total 360 Degrees of Transparency — Take a look at our own views:

We're Independent Insurance Agents -

As an independent agency, we're not tied to one insurance carrier. For example, State Farm Agents offer you only ONE quote: from the State Farm Company itself. While other insurance firms may get rates for you from one or two insurance carriers, we perform a cost-comparison of rates from up to 57 A-Rated insurance carriers in Florida. (We use only A-Rated carriers.)

Innovative and Tech Savvy -

Check your rates, review your policy, and communicate with us online, by phone, via email, over live chat, and even through Skype! Whatever you prefer - at your convenience, we are here. Check us out at fci360.com.

Socially Conscious -

We want to give back to the communities that support us, so in that effort we donate up to 2% of our profits to the charity of your choice.

Excellence in customer service from a team you can trust -

Beyond providing insurance, our daily goal is to deliver remarkable customer service. How are we doing? Check out what people are saying about us on YELP or Google. From periodic policy reviews, insurance coverage analysis and knowledgeable recommendations, we consistently offer you local, personalized coverage at competitive rates. Right from an agency in your own neighborhood.

We answer our own phones -

Call us and speak with a dedicated team member, not a call center. Need us? Call anytime. If you need us, we're here for you 7 days a week. Yes, including nights and weekends.

Extraordinary Personal Service -

Every customer is important to us every day. Every question and every phone call is an opportunity for us to provide excellence in customer service. Call and see! Our promise: you'll receive our undivided attention: 800-700-6659.

We ALWAYS provide you with TWO Quotes:

Quote #1 We believe it's the lowest cost you can get.

Here's the lowest price we could find from the 57 A-Rated carriers we queried. If you are basing your selection solely on price, this is the best price we could negotiate. Please call us for immediate coverage at this low rate, to discuss this quote, or any other insurance matter: 800-700-6659

Quote #2 The Full Circle Trusted Quote... and Our Recommendation.

This is the lowest price from our recommended insurance carriers based on your needs as well as our research and experience with carriers we work with everyday. We know the following to be true:

- The likelihood of the insurance provider paying your claim promptly
- The carrier's track record of paying claims without customer headaches
- The carrier's financial stability
- Our favorable examination of "the ratio of their policies on hand vs their cash on hand"
- The carrier's ability to pay if a catastrophic hurricane strikes the entire state
- Is the carrier domiciled in United States(1/3 of hurricane insurance carrier's are domiciled offshore)\

We research all of this so you don't have to worry. What good is insurance if you can't get paid promptly and without a hassle when you have a claim? Our expertise and scrutiny allows only top insurance carriers to make it into our Full Circle Trusted Quote. Please call us to discuss all your options. Please call us TOLL FREE: 800-700-6659. Thank you.

Dear Teddy Mosquera ,

Thank you very much for contacting us for an insurance proposal. Full Circle Insurance is pleased to provide all our customers and friends with competitive rates and personalized coverage. It is our privilege and pleasure to serve all your insurance needs.

Once you have reviewed this proposal. please don't hesitate to contact us with any questions you may have. Or stop in anytime-we're your neighbors with local offices in your area. Let us review your existing policies-a professional service from Full Circle Insurance. We will help you understand the coverage you have and what you're paying for it.

Below are two separate quotes we have prepared for you.

Quote #1 SAVE MONEY: This is the lowest cost insurance you can get.

Here's the lowest rate we could negotiate for you from the 57 A-Rated Insurance carriers we asked to provide coverage. Please call us to discuss this quote or any other insurance questions: 800-700-6659.

This is an actual quote and we would be pleased to place your annual Homeowners Insurance for you at this cost.

In South Florida for this quote we assumed Full Wind Mitigation Credits and did not include replacement cost for this quote. These items will need to be verified by a Wind Mitigation report. Please call us with questions - your call is always welcome.
